in case you're wondering what this piece of paper's about, my name's jon and i have this habit of having bands i like play in my basement- which happens to be located in westfield, nj. if there's anything else you need or want to know call me. anyway, this is what i've got planned for the remainder of the summer.....

june 30-hoover, greyhouse
july 3-antioch arrow, universal order of armageddon
july 8-john henry west, sparkmarker, undertow
july 12-still life, maybe iconoclast?
july 14-unwound, probably greyhouse
july 19-gauge, self-help mantra, shotmaker, native nod(?)
july 22-blatherskite, sleeper
august 2-chino horde, groundwork
august 3-spork, cavity, heroin
august 11-askance, the deconstruction, current
august 25-first 5 thru, ?

more stuff will probably pop up and surely at least one of the will get screwed up so if you don't know for sure call me and check--908-232-0879. these aren't "parties" so don't harbor any thoughts of making a mess and acting like a jerk. and for crissakes, don't even think about smoking inside. basically just respect everything and everyone else and everything will be wonderful. i want to have a space/ atmosphere where no one feels uncomfortable or threatened or whatever, if there's any way you feel could work toward something like that i'd love to hear about it. hope to see you.

p.s. if you've never heard of a band or don't like a band, why not come anyway? you can always just sit upstairs and complain.
